Father, Native of The
Fatherland, Decides to
Give His Boy to Co. B.Capt. John H. Kiplinger of
Company B was aroused from
slumber before six o'clock this
morning by a Rushville man who
told him with tears in his eyes
that after an all night's debate
with himself, he had decided to
give his boy to his country.Capt. Kiplinger appeared on
the veranda of his home in a
bathrobe and talked to the father
just as the sun was beginning to
peep over the eastern horizon.
The man told Capt. Kiplinger
that he spent most of the night
pondering over whether his boy
should volunteer now or wait
and be a conscript. He said he
had been walking all through the
long hours viewing the subject
from every angle."And I have decided I want
my boy to be a volunteer and I
have come to offer his services,"
concluded the old man.The man was born and reared
in Germany, but is a loyal Amer-
ican citizen. His son is away
now, but papers were sent today
for him to fill out so that he can
become a member of Company
B. The boy was instructed to
register Tuesday and then be
exempted later.Authorized Data For

BE SENT TO FRANCEFive Divisions Will be in Europe by
Autumn if General Staff's
Plans Are Adopted

ONLY BRIEF TRAINING HERE

They May Have Time to be Trained
Behind the French Lines For
the Autumn Drive

(By United Press.)

Washington, June 2.—Five divi-
sions of National Guardsmen—
about 125,000 men—will be in Eu-
rope by autumn, if plans under con-
sideration by the army general staff
are adopted. Action on these plans
is expected next week and the fact
that they are now before the staff
explains the reason for the aban-
donment of the proposed canton-
ment of the new army and National
guard.The plans contemplate only a
brief training in this country, leav-
ing the real intensive training in
Great Britain or France. In case
they are sent to France the troops
would be located in French towns
behind the lines.The best trained guardsmen would
be selected for the service. They
would supplant one division of reg-
ulars under General Pershing al-
ready arranged for. If transports
can be provided it is practically cer-
tain the guardsmen will be on their
way before winter. They may have
opportunity to be trained in time to
get into the last autumn drive and
would certainly be ready for the
big spring drive.It is the idea of the army officers
to retain the bulk of the regular
army in the United States to train
the new selective service army.

LOWEST IN STATEHas Only 11 Days in Which to Sub-
scribe \$300,000 to Liberty
Loan to Make up Allotment

\$35,000 TOTAL UP TO TODAY

Declared That People of County
Are Not Fully Awake to Their
ResponsibilitiesWith Rush county the lowest in
the state on Liberty Loan subscrip-
tions, Rush county bankers today
planned an extra effort for the re-
maining thirteen days of the cam-
paign to sell the bonds. The cam-
paign is supposed to end on that
date.Rush county's "quota" is \$337,-
360 and this morning the sum re-
ported subscribed in the county
was only \$35,000. Members of the
county bankers organization formed
to boost the sale of Liberty Loan
bonds estimated that before night
Rush county's subscription would
amount to \$40,000 because many
subscriptions were made at Rush-
ville banks today.That Rush county people are not
fully awake to the responsibility
they bear is demonstrated by the
fact that they have yet to subscribe
\$300,000 to reach their share of the
Liberty Loan subscription and they
have only thirteen days in which to
reach the goal. This means that
near \$10,000 a day must be sub-
scribed, not counting Sundays.Bankers this morning pointed to
surrounding counties as examples of
activity in respect to the Liberty
Loan campaign. It is generally be-
lieved that Rush county, as rich in
actual wealth as she is, will not be
content with being the lowest county
in the state. Much greater things
are expected of this county by the
Liberty Loan organization of the
state.Ralph Payne, chairman of the
Rush county organization of bank-
ers, this morning received the fol-
lowing telegram from C. F. Child's
chairman for Indiana federal re-
serve district No. 7:"Only eleven days remain to
file subscriptions for (Liberty
Loan) bonds. You and towns
chairman reporting to you are
like ourselves drafted to sup-
ply the nation's needs. The
amount of subscription will
represent the spirit of your
country. We expect applications
equivalent to over eight per
cent of banking resources of
each county and large over-
subscription for entire loan.
Mail us total subscriptions re-
ported from your county at the
close of business Saturday."ARRANGEMENTS COMPLETE FOR

NO TROUBLE TO FIND ISSUE

Washington, June 2.—The eyes of
the politicians are now turning to
the Sixth Indiana District where the
next congressional special election
will be held on June 26 to select a
successor to the late D. W. Com-
stock.The victory won by the Republi-
cans in the First New Hampshire
District has encouraged the Repub-
lican leaders in Congress to bend
all their energies to repeat the per-
formance in the Sixth Indiana Dis-
trict.Through the activities of Senator
Watson arrangements were made to-
day to flood the Indiana district
with both oratory and literature. On
account of the fact that Wayne
county, the most populous in the
district, has been a Progressive
stronghold in recent years it was
arranged that Senator Hiram John-
son of California shall make a
speech at Richmond, the county
seat. Johnson made many friends
in Wayne County in 1912 when he
was the Progressive party's candi-
date for Vice President.Senator Harding of Ohio, who was
chairman of the Republican national
convention in 1916; Senator
Jones of Washington, Senator Borah
of Idaho, Senator Curtis of Kansas
and other Republican senators
agreed to speak in the district. Each
of the senators named will make two
speeches. Senator Watson, who
formerly represented the district in

chapter of the Red Cross was
formed at Milroy last night with 105
members and one was organized at
Arlington at the same time with 62
members. This completes the or-
ganization of units in the county,
with the exception of a meeting at
Homer next Wednesday night when
an auxiliary will be organized.Robert E. Mansfield and Earl B.
Marlatt spoke at the Arlington
Christian church regarding the Red
Cross work and Dr. C. J. Tucker
talked of the hospital units and
surgical phase of the Red Cross ac-
tivity. This is the first time this
branch of the work has been dis-
cussed at the auxiliary meetings. Mr.
and Mrs. A. L. Stewart and Miss
Henrietta Coleman were with the
party. Officers were elected as fol-
lows: Mrs. S. S. Offutt, chairman;
Mrs. O. J. Miller, vice-chairman;
Miss Nellie Lawrence, secretary;
Mrs. Elmer Hutchinson, treasurer.Milroy already had about seventy
members of the Red Cross and
thirty-five new ones were added last
night. E. B. Thomas made the
principal address and explained the
activities of the Red Cross. Offi-
cers were elected as follows: Mrs.
John A. Smith, chairman; Mrs. W.
Wagoner, vice-chairman; Mrs. Mary
Cowan, secretary; Mrs. W. T. Lam-

ers yesterday afternoon final ar-
rangements for the district conven-
tion to be held here on June 8 were
completed. The committee on the
place of holding the convention re-
ported immediately that the colise-
um would be used. Various other
committees were appointed to make
arrangements for the convention.District Chairman Bossert an-
nounced yesterday that J. M. Bridg-
man, editor of the Brookville Amer-
ican and one of the most active
and influential republican leaders in
the district, has accepted an invita-
tion to preside over the conven-
tion as permanent chairman.Each county will meet at the
court house at eleven o'clock on the
day of the convention for organiza-
tion purposes and select their mem-
bers of the convention committees.
The convention proper will convene

tions will meet in the following

Franklin county—recorder's of-
fice.Union county—auditor's office,
room 2.Chairman Bossert has emphasized
the importance of Republican voters
attending the township meetings
Monday night to select delegates to
the district convention. "Never be-
fore in the country's history has
there been such a necessity for
good government as now," said
Chairman Bossert. "The Sixth In-
diana district is going to send an-
other republican to congress and the
district must be represented by a
republican who will meet all the re-
quirements of the important office
of representative in congress. To
secure such a man the delegates to
the nominating convention must be
representative of the best citizen-
ship of the several counties, and all
republican voters who consider
themselves good American citizens
will not fail to attend their town-
ship meetings to assist in the selec-
tion of such delegates."The committees appointed yester-
day to make arrangements for the
district convention follow:Committee on place of holding

JUDGE CALLS GRAND JURY

Investigators Ordered to Convene on Next Wednesday

The grand jury was called today by Judge Sparks to convene next Wednesday. The grand jury was in session about ten days ago and returned two indictments. At that time an adjournment was taken until called by the court or to meet again of its own accord. Just what is to be investigated is not known.

the lower branch of Congress, will speak in every county in the district. Watson also announced that Representative Fess of Ohio, Wood of Indiana and Kelley of Michigan will speak for the Republican congressional candidate.

Meanwhile the district is to be flooded with literature, mainly along protective tariff lines.

The prospective speakers say there will be no trouble finding issues on which to wage the campaign for the Republican candidate. They will state in their speeches first of all that Republicans are loyal to the government in time of war and that there is no party division on that question and then they will launch into a defense of Republican policies as being exactly what the country will need after the war is over.

MANY ORGANIZATIONS TO BE SEEN IN THE PARADE

the Red Cross will have an ambulance in the parade and six doctors dressed in Red Cross uniforms marching beside the ambulance.

The Red Cross members will meet at the Red Cross headquarters in the Social club at seven o'clock. Every auxiliary in the county is urged to send a delegation. In this first division of the parade will also be the Boy Scouts and small girls dressed as Red Cross nurses.

The second section will be composed of the marchers from the lodges and other organizations. Members of many of the lodges will appear in full uniform.

Work of recruiting the necessary men for Co. B. went steadily forward today. Capt. Kiplinger reported two recruits before seven o'clock this morning. The headquarters of the company have been opened in the store room just north of the Wiltse store in Main street.

The members of the company were pointing out today that the law provides only for the exemption of preachers and federal office holders as an argument for joining the volunteer company. The prospects are bright that the company will reach war strength by Monday night.

Amusements

Louise Glaum and Charles Ray will be seen in the feature drama "The Wolf Woman" at the Princess tonight. The race track and roof garden figures prominently in the plot. In addition to this feature drama the comedy "A Lover's Might" will be shown. Alice Brady has done some splendid work in motion picture but in "The Dancer's Peril" at the Princess Monday she does some of the very best work of her entire career. In this new picture she is seen as the star of a Russian ballet and because she is young and beautiful she becomes the center of an intrigue evolved by the impresario of the ballet for the purpose of making her his own. Some wonderful dance scenes are shown. They were especially arranged for this production.

Shorty Hamilton will be seen at the Gem tonight in the comedy "Shorty Joins the Secret Service." In addition the western drama "Jerry and the Outlaws" and "Professor Jirmy's Experiment" will be shown. The popular Pathe star Pearl White will be seen at the Gem Monday in "May Blossom" a five reel feature in natural colors. More than any other player is the little star identified with Pathe productions. Not only does she lead in length of service but she has starred in Pathe's greatest success, "The Perils of Pauline," "The Exploits of Elan," "The Iron Claw" and "Pearl of the Army."

The Lyric offers the two act drama "Fate's Decision" for the first picture of tonight's program. Margaret Gibson and William Clifford are featured. "A Touch of High Life" is the title of the first comedy and "Just as He Thought" is the title of the second. Monday the four act drama "The Girl God Made for Jones" will be shown in which Bryant Washburn is featured.

ANARCHISTS PARADE PETROGRAD STREETS

Soldiers Join in Demonstrations in Which Speakers Urge People to Loot the Banks

COMMERCE MINISTER QUILTS

By WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Petrograd, June 2.—Anarchists heavily armed paraded the principal streets today carrying banners reading: "Down with authority; long live the socialist revolution."

Speakers urged the people to loot the banks. Soldiers joined in the demonstration. No attempt was made to arrest them.

The minister of commerce resigned today following differences with the minister of labor over financial matters.

Russian criminals, released from prison, following the successful revolution, are making Petrograd unsafe. Robberies and violent crimes are growing more frequent. Unrest is also caused by a strike of 6,000 clerks.

A LITTLE ADVICE TO MEN

MEN WHO ARE GETTING OLD BEFORE THEY ARE HALF WAY THROUGH LIFE SHOULD READ THIS AND TAKE HEED.

There is a serious ailment that affects men. Man should be at his best when forty, but many, through carelessness, fast eating, fast living and little thought of the consequences, are old and worn out at that age. They eat, but get no benefit; they sleep, but get no rest; they work, but get nothing done.

This ailment is easily and quickly overcome. Thousands upon thousands are being benefited through a systematic treatment, which, once started, brings back that which means so much to man who enjoys eating, who enjoys work, who enjoys everything that makes for happiness.

This systematic treatment restores energy, vitality and strength. It takes man back to youthful vigor; it makes him 100 per cent efficient and makes life a happy occasion.

Pepsinco is the name of this treatment. Pepsinco digests perfectly all that is eaten. Once you take care of the food as it enters the stomach, you will be on the way to proper body condition. Pepsinco prevents sour stomach, indigestion, bloating, sick headache, biliousness and all troubles due to a faulty digestion.

Don't wait till your condition is beyond hope—don't wait till it is chronic. Start this treatment now—today. In a few days you will realize the value of the proper digestion of food. Any druggist will let you have a small amount of this wonderful aid to digestion, and once you start using Pepsinco all stomach worries will cease, and youthful vigor will take the place of premature old age.

Notice is therefore hereby given said Defendant, last named, that unless he be and appear on the first day of the next term of the Rush Circuit Court, to be held on the first Monday of September A. D. 1917, at the Court House in Rushville, in said County and State and answer or demur to said complaint, the same will be heard and determined in his absence.

Many Kinds of Crosses

Don't be cross!
Forget the iron Cross!
Don't mention the cross-complaint!

Don't double-cross your neighbor by failing to join the Red Cross!

Just cut across the street to the nearest "recruiting" station, sign your name on a little slip of paper with a Red Cross up in the corner, pin a white button with a Red Cross on it on your coat and walk proudly up the street with your head erect and your fingers not crossed, because you will have done one of the finest things in the world; you will have affiliated yourself with one of the most thorough and efficient organizations every known, the greatest agency for saving human life than any mortal has ever devised.

Almost every day we hear something about "doing your bit." The Liberty Loan fellows are after you and the state guard wants you, and the conscripters are sure to get you if you are of the right age, but it's a very small thing to do to join the Red Cross. It takes a dollar; that's all. No obligation, no nothing, just pay the silver dollar (paper is acceptable) and have the privilege of wearing the badge of honor, the bright red cross on a background of pure white, symbolic of the charity and unselfishness that the Red Cross represents the world over.

There's not much excuse for not joining the Red Cross. About the only one is that you haven't the dollar. Lots of folks who have the dollar haven't joined so it can't be for the want of the money. It's difficult to imagine any other reason. Just join today and rest in peace. Let the world know by your button that you are in sympathy with so worthy a movement though you can't help more than a dollar. But the dollars will count for lots because they are coming in fast to the Red Cross all over the United States.

Don't be cross now; join the Red Cross today.

There's a Screw Loose

There is something wrong some place about the coal situation in this country. The predictions of last winter that there would be no summer selling in some cases for more, mer prices have proved true. Coal is in none for less, money than it did last winter. What it will be next winter no one is willing to venture because the price is likely to reach such a point that much more hardship than was entailed last winter will result.

The Sullivan Daily Times, which is published in the heart of the Indiana coal district, has sent out marked copies of a recent edition in which it is asserted that an apparent car shortage is to blame. The Times says that the Sullivan county, mines, with a capacity of 100,000 tons a week are putting out only 50,000 tons a week. The Times declares that the operators say the car shortage is due to the immense demand for cars of every description and deny that there is any combination between the operators and themselves. The Times adds, however, that it is a fact that the railroads can contract for two dollars per ton at the mines while the ordinary buyer is compelled to pay from three to five dollars, F. O. B. the mines.

How the Military Draft Will Affect You

Tuesday, June 5th, 1917, will be Registration Day under the selective draft law.

It is expected that it will give the United States Government a list of 10,000,000 men (including those who have taken out first citizenship papers) of ages ranging from twenty-one to thirty years. From this list the first 500,000 men of the new national army will be selected to begin training about September 1st.

THE LITERARY DIGEST for June 2d gives all the available official and unofficial information which throws light on the many points in the actual operation of the draft law. The article shows the questions that will be asked and how they must be answered; who must register and where; the penalties for failing to register or for making false statements at registration whether about oneself or another person; those who are exempt, and how exemption claims must be made. Sickness or physical disability of any kind does not excuse absence or failure to register. The Canadian Government has closed the border to American citizens of military age until after Registration Day.

No date in the history of the country is fraught with more significance than will be June 5th, 1917, for on that day, as the New York Evening Mail states, "will be laid the foundation for the great bulwark that the American people have pledged themselves to build in the defense of the liberties of the world."

If you would save yourself inconvenience, not to say future anxiety, be sure to buy and read THE LITERARY DIGEST for June 2d. The information alone which the leading article contains directly affects a great proportion of the American people.

Other features of immediate interest in this number of "The Digest" are:

To Test "The Digest" Is to Prove Its Worth

The dictionaries define news as fresh information regarding something that has recently happened. This implies that news, to be worthy of the name, must be up to the minute, must cover actual events, and must be bona-fide. The average man who confines his newspaper reading to one or two newspapers gets only a confused perspective. He reads as in a glass, darkly, and is naturally befogged.

There is one periodical which sweeps away every cloud of doubt and mirrors back the sunlight of truth by giving all sides and every angle of the world's news-reports. This is THE LITERARY DIGEST, which presents all view-points impartially, advocating none, giving the actual, unvarnished facts, and leaving you to form your own judgments. Test it and prove its worth.

Senreco
MADE IN U.S.A.

The double-service tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 3 ounce tube.

AN APPEAL TO THE CITIZENS OF RUSH COUNTY
We Are At War, And It Is Very Serious

¶ This nation faces a crisis today as terrible as it did in the darkest hour of the Civil war. Every American citizen, every man, woman and child in America is in new danger. It is useless to discuss whether this danger could have been avoided. We are at war and we are in it to a finish. We must fight our way out with sword and sinew.

¶ The sword of Victory will be forged from the dollars of the people. The Liberty Loan will help win the war.

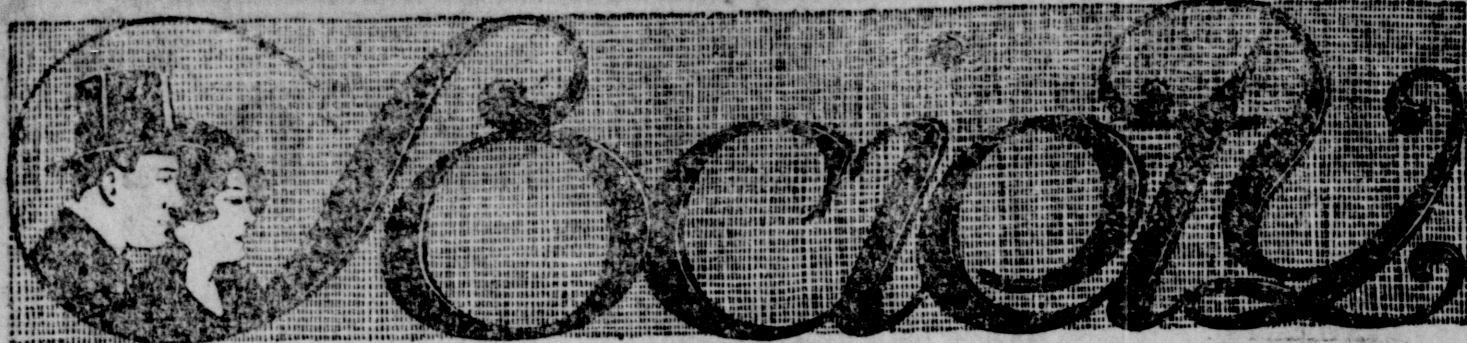

¶ Rush County's part of the Liberty Loan is \$337,360—only \$30,900 has been subscribed—the smallest amount in any county in the state of Indiana. Fifteen days more to raise \$300,000—\$20,000 a day must be raised. You MUST WAKE UP to it. The Liberty Loan MUST be subscribed by June 15th.

¶ These Liberty Bonds are first mortgages upon the entire wealth of the United States, payable in gold. The banks will loan money on them as collateral security. They will always be readily saleable. They will bear interest at 3½ per cent. They are a new form of savings deposit, a secure form, a patriotic form.

¶ Our hearts are stout, our courage proved, our minds are clear, our cause is just. It is our deadly, wicked indifference, our false security, our blindness, that danger lies. WAKE UP RUSH COUNTY!

READY TO VOTE FOR PROHI RESOLUTION

Senator Watson Explains he Voted Against Cummins' Plan Because it is Unconstitutional

NOT ALL HOLD IT A WAR NEED

Only Dry People Claim Recent Resolution Was Emergency—Ask it as Temperance Measure

In response to criticism of the votes of Harry S. New and James E. Watson, United States senators from Indiana, on the Cummins amendment to the conscription bill concerning the manufacture of food products into alcohol, Senator Watson has written a letter to the Rev. Frank Cornell, president of the Ministers' Association of Winchester, explaining his reasons for voting to reject the amendment that some anti-liquor advocates believed would be the means of bringing about complete national prohibition.

"I voted against that amendment," he said, "because, unless exercised as a war power, it is wholly unconstitutional. The entire effort of all the temperance people in the country has been directed for many years toward securing an amendment to the Constitution that would bring nation-wide prohibition within its provisions. The temperance people have been doing their utmost to secure two-thirds of the states so that an amendment of this kind can be made constitutional and that congress may thereby be enabled to act within the Constitution."

"Now, every lawyer knows that congress has no power to pass a nation-wide law in favor of prohibition at this time unless it be within the war power of this government. Up to this time nobody has claimed this to be a war measure except the temperance people, and they are asking it as a temperance proposition."

"I expect to vote for a resolution to submit the question to the various state legislatures just as soon as one is presented, and there is no reason why this should not be done at once. Our temperance friends do not take up that proposition, and just why is more than I can tell."

GOVERNMENT IS AFTER ANTI-CONSCRIPTIONISTS

Laredo, Tex., June 2.—Checking the exodus of those who would leave the United States to avoid military registration, government agents here today refused to allow male citizens between the ages of 21 and 30 cross the border into Mexico. Two were arrested. They are charged with seeking to leave the United States to avoid military registration.

La Crosse, Wis., June 2.—Gus Felzer was arrested by United States officials today charged with circulating a petition demanding that the conscription law be submitted to a popular vote. A petition in his possession carried twenty-five names.

Houston, Tex., June 2.—George M. Brownsville, was arrested when federal agents found ten rifles packed in his suit case. It is believed he was preparing to go to Mexico.

100 PLOTTERS ARE - NOW IN THE TOILS

Department of Justice Officials Say
Activity of Anti-Conscriptionists
Are Dulled

ARRESTS ARE THE REASON

(By United Press.)

Washington, June 2.—One hundred of the anti-conscriptionists plotters have been arrested by the department of justice up until today with other arrests in prospect.

Activity of the plotters seems to have been dulled by federal arrests under the law but evidence in possession of the federal agents indicated that plotters will see new outbursts.

Officials estimate that the number of men who will fail to perform their duty by registering next Tuesday will be negligible in comparison with more than ten million who are subject to register.

Claims for exemption will be closely watched and in each case the applicant will be subject to call before a local tribunal to satisfy his claim, except in well established cases of exemption.

GUARDSMEN MAY BE SENT TO FRANCE

Five Divisions Will be in Europe by Autumn if General Staff's Plans Are Adopted

ONLY BRIEF TRAINING HERE

They May Have Time to be Trained Behind the French Lines For the Autumn Drive

(By United Press.)

Washington, June 2.—Five divisions of National Guardsmen—about 125,000 men—will be in Europe by autumn, if plans under consideration by the army general staff are adopted. Action on these plans is expected next week and the fact that they are now before the staff explains the reason for the abandonment of the proposed cantonment of the new army and National guard.

The plans contemplate only a brief training in this country, leaving the real intensive training in Great Britain or France. In case they are sent to France the troops would be located in French towns behind the lines.

The best trained guardsmen would be selected for the service. They would supplant one division of regulars under General Pershing already arranged for. If transports can be provided it is practically certain the guardsmen will be on their way before winter. They may have opportunity to be trained in time to get into the last autumn drive and would certainly be ready for the big spring drive.

It is the idea of the army officers to retain the bulk of the regular army in the United States to train the new selective service army.

RUSH COUNTY IS LOWEST IN STATE

Has Only 11 Days in Which to Subscribe \$300,000 to Liberty Loan to Make up Allotment

\$35,000 TOTAL UP TO TODAY

Declared That People of County Are Not Fully Awake to Their Responsibilities

With Rush county the lowest in the state on Liberty Loan subscriptions, Rush county bankers today planned an extra effort for the remaining thirteen days of the campaign to sell the bonds. The campaign is supposed to end on that date.

Rush county's "quota" is \$337,360 and this morning the sum reported subscribed in the county was only \$35,000. Members of the county bankers organization formed to boost the sale of Liberty Loan bonds estimated that before night Rush county's subscription would amount to \$40,000 because many subscriptions were made at Rushville banks today.

That Rush county people are not fully awake to the responsibility they bear is demonstrated by the fact that they have yet to subscribe \$300,000 to reach their share of the Liberty Loan subscription and they have only thirteen days in which to reach the goal. This means that near \$10,000 a day must be subscribed, not counting Sundays.

Bankers this morning pointed to surrounding counties as examples of activity in respect to the Liberty Loan campaign. It is generally believed that Rush county, as rich in actual wealth as she is, will not be content with being the lowest county in the state. Much greater things are expected of this county by the Liberty Loan organization of the state.

Ralph Payne, chairman of the Rush county organization of bankers, this morning received the following telegram from C. F. Child's chairman for Indiana federal reserve district No. 7:

"Only eleven days remain to file subscriptions for (Liberty Loan) bonds. You and towns chairman reporting to you are like ourselves drafted to supply the nation's needs. The amount of subscription will represent the spirit of your country. We expect applications equivalent to over eight per cent of banking resources of each county and large over-subscription for entire loan. Mail us total subscriptions reported from your county at the close of business."

ARRANGEMENTS COMPLETE FOR REPUBLICAN CONVENTION HERE

Eyes Turned to Sixth District

Senators Johnson, Borah, Jones, Curtis and Other Republicans Will Speak here During Brief Campaign and All Counties Will be Flooded With Campaign Literature

NO TROUBLE TO FIND ISSUE

Washington, June 2.—The eyes of the politicians are now turning to the Sixth Indiana District where the next congressional special election will be held on June 26 to select a successor to the late D. W. Comstock.

The victory won by the Republicans in the First New Hampshire District has encouraged the Republican leaders in Congress to bend all their energies to repeat the performance in the Sixth Indiana District.

Through the activities of Senator Watson arrangements were made today to flood the Indiana district with both oratory and literature. On account of the fact that Wayne County, the most populous in the district, has been a Progressive stronghold in recent years it was arranged that Senator Hiram Johnson of California shall make a speech at Richmond, the county seat, Johnson made many friends in Wayne County in 1912 when he was the Progressive party's candidate for Vice President.

Senator Harding of Ohio, who was chairman of the Republican national convention in 1916; Senator Jones of Washington, Senator Borah of Idaho, Senator Curtis of Kansas and other Republican senators agreed to speak in the district. Each of the senators named will make two speeches. Senator Watson, who formerly represented the district in

TWO MORE RED CROSS AUXILIARIES FORMED

Units Are Organized at Milroy With 105 Members and at Arlington With 62 Members

HOMER MEETING WEDNESDAY

An auxiliary of the Rush county chapter of the Red Cross was formed at Milroy last night with 105 members and one was organized at Arlington at the same time with 62 members. This completes the organization of units in the county, with the exception of a meeting at Homer next Wednesday night when an auxiliary will be organized.

Robert E. Mansfield and Earl B. Marlatt spoke at the Arlington Christian church regarding the Red Cross work and Dr. C. J. Tucker talked of the hospital units and surgical phase of the Red Cross activity. This is the first time this branch of the work has been discussed at the auxiliary meetings. Mr. and Mrs. A. L. Stewart and Miss Henrietta Coleman were with the party. Officers were elected as follows: Mrs. S. S. Offitt, chairman; Mrs. O. J. Miller, vice-chairman; Mrs. Nellie Lawrence, secretary; Mrs. Elmer Hutchinson, treasurer.

Milroy already had about seventy members of the Red Cross and thirty-five new ones were added last night. E. B. Thomas made the principal address and explained the activities of the Red Cross. Officers were elected as follows: Mrs. John A. Smith, chairman; Mrs. W. Wagner, vice-chairman; Mrs. Mary Cowan, secretary; Mrs. W. J. Lamp

Will Convene at Coliseum Next Friday at 1:30 P. M. Following County Meetings at 11 a. m.

TO BE HELD IN COURT HOUSE

J. M. Bridgman, of Brookville American to be Permanent Chairman—Committees Named

At a meeting of republican workers yesterday afternoon final arrangements for the district convention to be held here on June 8 were completed. The committee on the place of holding the convention reported immediately that the coliseum would be used. Various other committees were appointed to make arrangements for the convention.

District Chairman Bossert announced yesterday that J. M. Bridgman, editor of the Brookville American and one of the most active and influential republican leaders in the district, has accepted an invitation to preside over the convention as permanent chairman.

Each county will meet at the court house at eleven o'clock on the day of the convention for organization purposes and select their members of the convention committees. The convention proper will convene at 1:30 o'clock. The county delegations will meet in the following places in the court house.

Wayne county—assembly room.

Henry county—County commissioners room.

Shelby county—teachers examination.

Fayette county—clerk's office.

Hancock county—auditor's office, room 1.

Rush county—treasurer's office.

Franklin county—recorder's office.

Union county—auditor's office, room 2.

Chairman Bossert has emphasized the importance of Republican voters attending the township meetings Monday night to select delegates to the district convention. "Never before in the country's history has there been such a necessity for good government as now," said Chairman Bossert. "The Sixth Indiana district is going to send another republican to congress and the district must be represented by a republican who will meet all the requirements of the important office of representative in congress. To secure such a man the delegates to the nominating convention must be representative of the best citizenship of the several counties, and all republican voters who consider themselves good American citizens will not fail to attend their township meetings to assist in the selection of such delegates."

The committees appointed yesterday to make arrangements for the district convention follow: Committee on place of holding convention—Charles A. Frazee, A. L. Gary and John A. Titsworth. Committee on music—H. G. Hackman, T. W. Lytle and John A. Blackledge. Committee on advertising—

ELLIOTT A CANDIDATE

Richard Elliott, a well known attorney of Gomersville, announced definitely Friday in letters to friends here, that he will seek the republican nomination to congress at the convention to be held here. Elliott is widely known throughout the district and at one time was joint representative from Fayette and Wayne counties. At present he is a member of the law firm of McKee, Wiley and Elliott.

Father, Native of The Fatherland, Decides to Give His Boy to Co. B.

Capt. John H. Kiplinger of Company B was aroused from slumber before six o'clock this morning by a Rushville man who told him with tears in his eyes that after an all night's debate with himself, he had decided to give his boy to his country.

Capt. Kiplinger appeared on the veranda of his home in a bathrobe and talked to the father just as the sun was beginning to peep over the eastern horizon. The man told Capt. Kiplinger that he spent most of the night pondering over whether his boy should volunteer now or wait and be a conscript. He said he had been walking all through the long hours viewing the subject from every angle.

"And I have decided I want my boy to be a volunteer and I have come to offer his services," concluded the old man.

The man was born and reared in Germany, but is a loyal American citizen. His son is away now, but papers were sent today for him to fill out so that he can become a member of Company B. The boy was instructed to register Tuesday and then be accepted later.

JUDGE CALLS GRAND JURY

Investigators Ordered to Convene on Next Wednesday

The grand jury was called today by Judge Sparks to convene next Wednesday. The grand jury was in session about ten days ago and returned two indictments. At that time an adjournment was taken until called by the court or to meet again of its own accord. Just what is to be investigated is not known.

EYES ARE TURNED TO THE SIXTH DISTRICT

Continued from Page 1.

The lower branch of Congress, will speak in every county in the district. Watson also announced that Representative Fess of Ohio, Wood of Indiana and Kelley of Michigan will speak for the Republican congressional candidate.

Meanwhile the district is to be flooded with literature, mainly along protective tariff lines.

The prospective speakers say there will be no trouble finding issues on which to wage the campaign for the Republican candidate. They will state in their speeches first of all that Republicans are loyal to the government in time of war and that there is no party division on that question and then they will launch into a defense of Republican policies as being exactly what the country will need after the war is over.

MANY ORGANIZATIONS TO BE SEEN IN THE PARADE

Continued from Page 1.

The Red Cross will have an ambulance in the parade and six doctors dressed in Red Cross uniforms marching beside the ambulance.

The Red Cross members will meet at the Red Cross headquarters in the Social club at seven o'clock. Every auxiliary in the county is urged to send a delegation. In this first division of the parade will also be the Boy Scouts and small girls dressed as Red Cross nurses.

The second section will be composed of the marchers from the lodges and other organizations. Members of many of the lodges will appear in full uniform.

Work of recruiting the necessary men for Co. B. went steadily forward today. Capt. Kiplinger reported two recruits before seven o'clock this morning. The headquarters of the company have been opened in the store room just north of the Wiltse store in Main street.

The members of the company were pointing out today that the law provides only for the exemption of preachers and federal office holders as an argument for joining the volunteer company. The prospects are bright that the company will reach war strength by Monday night.

Amusements

Louise Glaum and Charles Ray will be seen in the feature drama "The Wolf Woman" at the Princess tonight. The race track and roof garden figures prominently in the plot. In addition to this feature drama the comedy "A Lover's Might" will be shown. Alice Brady has done some splendid work in motion picture but in "The Dancer's Peril" at the Princess Monday she does some of the very best work of her entire career. In this new picture she is seen as the star of a Russian ballet and because she is young and beautiful she becomes the center of an intrigue evolved by the impresario of the ballet for the purpose of making her his own. Some wonderful dance scenes are shown. They were especially arranged for this production.

Shorty Hamilton will be seen at the Gem tonight in the comedy "Shorty Joins the Secret Service." In addition the western drama "Jerry and the Outlaws" and "Professor Jermy's Experiment" will be shown. The popular Pathe star Pearl White will be seen at the Gem Monday in "May Blossom" a five reel feature in natural colors. More than any other player is the little star-identified with Pathe productions. Not only does she lead in length of service but she has starred in Pathe's greatest success, "The Perils of Pauline," "The Exploits of Elaine," "The Iron Claw" and "Pearl of the Army."

The Lyric offers the two act drama "Fate's Decision" for the first picture of tonight's program. Margaret Gibson and William Clifford are featured. "A Touch of High Life" is the title of the first comedy and "Just as He Thought" is the title of the second. Monday the four act drama "The Girl God Made for Jones" will be shown in which Bryant Washburn is featured.

COMMERCE MINISTER QUILTS

By WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Petrograd, June 2.—Anarchists heavily armed paraded the principal streets today carrying banners reading: "Down with authority; long live the socialist revolution." Speakers urged the people to loot the banks. Soldiers joined in the demonstration. No attempt was made to arrest them.

The minister of commerce resigned today following differences with the minister of labor over financial matters.

Russian criminals, released from prison, following the successful revolution, are making Petrograd unsafe. Robberies and violent crimes are growing more frequent. Unrest is also caused by a strike of 6,000 clerks.

A LITTLE ADVICE TO MEN

MEN WHO ARE GETTING OLD BEFORE THEY ARE HALF WAY THROUGH LIFE SHOULD READ THIS AND TAKE HEED.

There is a serious ailment that affects men. Man should be at his best when forty, but many, through carelessness, fast eating, fast living and little thought of the consequences, are old and worn out at that age. They eat, but get no benefit; they sleep, but get no rest; they work, but get nothing done.

This ailment is easily and quickly overcome. Thousands upon thousands are being benefited through a systematic treatment, which, once started, brings back that which means so much to man who enjoys eating, who enjoys work, who enjoys everything that makes for happiness.

This systematic treatment restores energy, vitality and strength. It takes man back to youthful vigor; it makes him 100 per cent efficient and makes life a happy occasion.

Pepsinco is the name of this treatment. Pepsinco digests perfectly all that is eaten. Once you take care of the food as it enters the stomach, you will be on the way to proper body condition. Pepsinco prevents sour stomach, indigestion, bloating, sick headache, biliousness and all troubles due to a faulty digestion.

Don't wait till your condition is beyond hope—don't wait till it is chronic. Start this treatment now—today. In a few days you will realize the value of the proper digestion of food. Many Kinds of Crosses

Don't be cross!
Forget the iron Cross!
Don't mention the cross-complaint!

Don't double-cross your neighbor by failing to join the Red Cross! Just cut across the street to the nearest "recruiting" station, sign your name on a little slip of paper with a Red Cross up in the corner, pin a white button with a Red Cross on it on your coat and walk proudly up the street with your head erect and your fingers not crossed, because you will have done one of the finest things in the world; you will have affiliated yourself with one of the most thorough and efficient organizations every known, the greatest agency for saving human life than any mortal has ever devised.

Almost every day we hear something about "doing your bit." The Liberty Loan fellows are after you and the state guard wants you, and the conscripters are sure to get you if you are of the right age, but it's a very small thing to do to join the Red Cross. It takes a dollar; that's all. No obligation, no nothing, just pay the silver dollar (paper is acceptable) and have the privilege of wearing the badge of honor, the bright red cross on a background of pure white, symbol of the charity and unselfishness that the Red Cross represents the world over.

There's not much excuse for not joining the Red Cross. About the only one is that you haven't the dollar. Lots of folks who have the dollar haven't joined so it can't be for the want of the money. It's difficult to imagine any other reason. Just join today and rest in peace. Let the world know by your button that you are in sympathy with so worthy a movement though you can't help more than a dollar. But the dollars will count for lots because they are coming in fast to the Red Cross all over the United States.

Don't be cross now; join the Red Cross today.

There's a Screw Loose

There is something wrong some place about the coal situation in this country. The predictions of last winter that there would be no snow selling in some cases for more, mer prices have proved true. Coal is in none for less, money than it did last winter. What it will be next winter no one is willing to venture because the price is likely to reach such a point that much more hardship than was entailed last winter will result.

The Sullivan Daily Times, which is published in the heart of the Indiana coal district, has sent out marked copies of a recent edition in which it is asserted that an apparent car shortage is to blame. The Times says that the Sullivan county, mines, with a capacity of 100,000 tons a week are putting out only 50,000 tons a week. The Times declares that the operators say the car shortage is due to the immense demand for cars of every description and deny that there is any combination between the operators and themselves. The Times adds, however, that it is a fact that the railroads can contract for two dollars per ton at the mines while the ordinary buyer is compelled to pay from three to five dollars, F. O. B. the mines.

How the Military Draft Will Affect You

Tuesday, June 5th, 1917, will be Registration Day under the selective draft law.

It is expected that it will give the United States Government a list of 10,000,000 men (including those who have taken out first citizenship papers) of ages ranging from twenty-one to thirty years. From this list the first 500,000 men of the new national army will be selected to begin training about September 1st.

THE LITERARY DIGEST for June 2d gives all the available official and unofficial information which throws light on the many points in the actual operation of the draft law. The article shows the questions that will be asked and how they must be answered; who must register and where; the penalties for failing to register or for making false statements at registration whether about oneself or another person; those who are exempt, and how exemption claims must be made. Sickness or physical disability of any kind does not excuse absence or failure to register. The Canadian Government has closed the border to American citizens of military age until after Registration Day.

No date in the history of the country is fraught with more significance than will be June 5th, 1917, for on that day, as the New York Evening Mail states, "will be laid the foundation for the great bulwark that the American people have pledged themselves to build in the defense of the liberties of the world."

If you would save yourself inconvenience, not to say future anxiety, be sure to buy and read THE LITERARY DIGEST for June 2d. The information alone which the leading article contains directly affects a great proportion of the American people.

To Test "The Digest" Is to Prove Its Worth

The dictionaries define news as fresh information regarding something that has recently happened. This implies that news, to be worthy of the name, must be up to the minute, must cover actual events, and must be bona-fide. The average man who confines his newspaper reading to one or two newspapers gets only a confused perspective. He reads "as in a glass, darkly," and is naturally befogged.

There is one periodical which sweeps away every cloud of doubt and mirrors back the sunlight of truth by giving all sides and every angle of the world's news-reports. This is THE LITERARY DIGEST, which presents all view-points impartially, advocating none, giving the actual, unvarnished facts, and leaving you to form your own judgments. Test it and prove its worth!

Senreco
The double-service tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 3 ounce tube.

AN APPEAL TO THE CITIZENS OF RUSH COUNTY

We Are At War, And It Is Very Serious

¶ This nation faces a crisis today as terrible as it did in the darkest hour of the Civil war. Every American citizen, every man, woman and child in America is in new danger. It is useless to discuss whether this danger could have been avoided. We are at war and we are in it to a finish. We must fight our way out with sword and sinew.

¶ The sword of Victory will be forged from the dollars of the people. The Liberty Loan will help win the war.

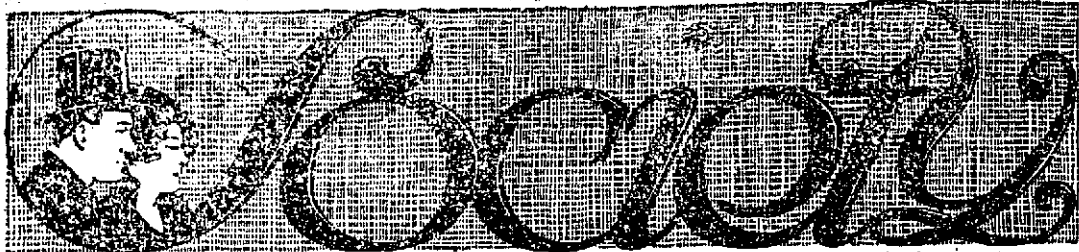

¶ Rush County's part of the Liberty Loan is \$337,360—only \$30,900 has been subscribed—the smallest amount in any county in the state of Indiana. Fifteen days more to raise \$300,000—\$20,000 a day must be raised. You MUST WAKE UP to it. The Liberty Loan MUST be subscribed by June 15th.

¶ These Liberty Bonds are first mortgages upon the entire wealth of the United States, payable in gold. The banks will loan money on them as collateral security. They will always be readily saleable. They will bear interest at 3 1/2 per cent. They are a new form of savings deposit, a secure form, a patriotic form.

¶ Our hearts are stout, our courage proved, our minds are clear, our cause is just. It is our deadly, wicked indifference, our false security, our blindness, that danger lies. WAKE UP RUSH COUNTY!

Sparks, Mrs. Mert Wolcott and Miss Harriet Smith and a violin solo by Miss Lois Reeve. Mrs. Wolcott will be in charge of the program.

One hundred and twenty members of the Bernice Encampment enjoyed a fish fry last evening at the I. O. F. hall. After supper the Golden Rule and Royal Purple degrees were conferred on six candidates from this city and three from Connersville. Lodges from Seymour, Homer, Arlington, Carthage, Milroy, and Connersville were represented at the meeting last evening.

An unusually pleasant time was spent by the members of the Friday Afternoon Embroidery club, yesterday, when they had their regular meeting with Miss Bertha Helm, at her home in West Third street. The afternoon was interspersed with musical numbers and the hostess served a delectable luncheon.

Mrs. Mary Meyer and Miss Floy Meyer were the guests of honor at a delightful dinner and fishing party last Wednesday, the occasion being their birthday. The party went near the Owen dam along Flatrock and a picnic dinner was spread, after which the afternoon was spent fishing. Among those who were present were, Mr. and Mrs. Willard Meyers and Mr. and Mrs. Henry Meyers of this city, Mr. and Mrs. Loway Huntington and family of Moscow, Mr. and Mrs. William Meyers and family, the Misses Nellie, and Floy Meyers, Pearl Brooks, Mable Conner and Fred Huffman and Harry Meyers.

READY TO VOTE FOR PROH RESOLUTION

Senator Watson Explains he Voted Against Cummins Plan Because it is Unconstitutional

NOT ALL HOLD IT A WAR NEED

Only Dry People Claim Recent Resolution Was Emergency—Ask it as Temperance Measure

In response to criticism of the votes of Harry S. New and James E. Watson, United States senators from Indiana, on the Cummins amendment to the conscription bill concerning the manufacture of food products into alcohol, Senator Watson has written a letter to the Rev. Frank Cornell, president of the Ministers' Association of Winchester, explaining his reasons for voting to reject the amendment that some anti-liquor advocates believed would be the means of bringing about complete national prohibition.

"I voted against that amendment," he said, "because, unless exercised as a war power, it is wholly unconstitutional. The entire effort of all the temperance people in the country has been directed for many years toward securing an amendment to the Constitution that would bring nation-wide prohibition within its provisions. The temperance people have been doing their utmost to secure two-thirds of the states so that an amendment of this kind can be made constitutional and that congress may thereby be enabled to act within the Constitution.

"Now, every lawyer knows that congress has no power to pass a nation-wide law in favor of prohibition at this time unless it be within the war power of this government. Up to this time nobody has claimed this to be a war measure except the temperance people, and they are asking it as a temperance proposition.

"I expect to vote for a resolution to submit the question to the various state legislatures just as soon as this is presented, and there is no reason why this should not be done at once. Our temperance friends do not take up that proposition, and just why is more than I can tell."

GOVERNMENT IS AFTER ANTI-CONSCRIPTIONISTS

Laredo, Tex., June 2.—Checking the exodus of those who would leave the United States to avoid military registration, government agents here today refused to allow male citizens between the ages of 21 and 30 cross the border into Mexico. Two were arrested. They are charged with seeking to leave the United States to avoid military registration.

La Crosse, Wis., June 2.—Gus Felzer was arrested by United States officials today charged with circulating a petition demanding that the conscription law be submitted to a popular vote. A petition in his possession carried twenty-five names.

Houston, Tex., June 2.—George M. Brownsville, was arrested when federal agents found ten rifles packed in his suit case. It is believed he was preparing to go to Mexico.

Department of Justice Officials Say Activity of Anti-Conscriptionists Are Dulled

ARRESTS ARE THE REASON

(By United Press.)

Washington, June 2.—One hundred of the anti-conscriptionists plotters have been arrested by the department of justice up until today with other arrests in prospect.

Activity of the plotters seems to have been dulled by federal arrests under the law but evidence in possession of the federal agents indicated that plotters will see new outbursts.

Officials estimate that the number of men who will fail to perform their duty by registering next Tuesday will be negligible in comparison with more than ten million who are subject to register.

Claims for exemption will be closely watched and in each case the applicant will be subject to call before a local tribunal to satisfy his claim, except in well established cases of exemption.
